CERTIFICATE OF Design Assessment

This is to Certify that a representative of this Bureau did, at the request of

Sika Corporation

assess design plans and data for the below listed product. This assessment is a representation by the Bureau as to the degree of compliance the design exhibits with applicable sections of the Rules. This assessment does not waive unit certification or classification procedures required by ABS Rules for products to be installed in ABS classed vessels or facilities. This certificate, by itself, does not reflect that the product is Type Approved. The scope and limitations of this assessment are detailed on the pages attached to this certificate. It will remain valid as noted below or until the Rules or specifications used in the assessment are revised (whichever occurs first).

PRODUCT: Primer

MODEL: Sika - Aktivator

ABS RULE: 2007 Steel Vessel Rules 1-1-4/7.7 and 1-1-A3

OTHER STANDARD: Sika Technical Data Sheet, Version 4/27/2005;

AMERICAN BUREAU OF SHIPPING

Telephone: 248-577-1076
Fax: 248-577-0810

Product: **Primer**

Model: **Sika - Aktivator**

Intended Service:

For marine and offshore applications

Description:

A moisture-sensitive liquid for improving adhesion on surfaces to be adhesively bonded

Ratings:

See attached pdf for technical data.

Service Restrictions:

Unit Certification is not required for this product. If the manufacturer or purchaser requests an ABS Certificate for compliance with a specification or standard, the specification or standard, including inspection standards and tolerances, must be clearly defined.

Comments:

Duplicate PDA resides with Sika Corp, Lyndhurst (New Jersey Plant).

This assessment does not cover hazards and risks associated in the transportation, handling and storage of this substance.

Notes/Documentation:

This Product Design Assessment (PDA) is valid only for products intended for use on ABS classed vessels, MODUs or facilities which are in existence or under contract for construction on the date of the ABS Rules used to evaluate the Product.

Term of Validity:

This Design Assessment Certificate number 01-HS216602E/1-PDA, dated 15/Aug/2007 will expire on 14/Aug/2012 or at an earlier date should there be alterations to the product's design or changes to the referenced ABS Rules and other specifications, which affect the product. Product use on or after 1 January 2008, will be subject to compliance with the ABS Rules or specifications in effect when the vessel, MODU or facility is contracted. The product's acceptability on board ABS-classed vessels or facilities is defined in the service restrictions of this certificate.

STANDARDS

ABS Rules:

2007 Steel Vessel Rules 1-1-4/7.7 and 1-1-A3

Others:

Sika Technical Data Sheet, Version 4/27/2005
